MURDEN STOKELY IS FREED BY JURY

His Acquittal on Charge of Killing Eenton Towe Received With Joy.

[Special to The Times-Dispatch.] Elizabeth City, N. C., March 22.—Murden Stokely was acquitted this afternoon of the murder of J. Eenton Towe.

The jury this afternoon at 2:30 o'clock announced that it had reached an agreement, and was ready to render a verdict. The news quickly spread, and before the court could be assembled every inch of space available in the court room was packed by eager spectators. The prisoner entered in custody of an officer and the jury filed in. Amid intense silence the formalities were gone through with, and the jury rendered a verdict of not guilty.

As soon as the prisoner and his family could grasp the meaning of the words they were clasped in a long embrace, while the great crowd surged wildly in the court room to get a glimpse of the afflicting scene. Those in front formed a crush trying to grasp Stokely's hand. The verdict quickly spread, and his acquittal was received with manifest joy.

No trial in Elizabeth City has ever created so keen an interest and so much sympathy for the prisoner. Young Stokely and his family quickly left the city for their home in Okisko, where the aged father will again gather his two children under his own roof.

Murden Stokely has been on trial for the past four days upon the charge of murder for killing J. Eenton Towe, a prominent young business man of Charlotte, N. C., who was killed by Stokely's sixteen-year-old sister, and then refusing to marry her.

STAY OF SENTENCE REFUSED PAYLOR

Convicted Embezzler Taken to Jail Pending Removal to State Penitentiary.

[Special to The Times-Dispatch.] Danville, Va., March 22.—William S. Paylor, former city treasurer, convicted of embezzling \$8,000 of the State's fund, was today taken into custody by the court sheriff and placed in the city jail to await the arrival of the Richmond penitentiary guard to take him, and a number of other convicted felons there to serve his sentence of eighteen months in the penitentiary.

Paylor's counsel made an effort to obtain a new stay of sentence, but he was overruled, and the prisoner was taken in charge.

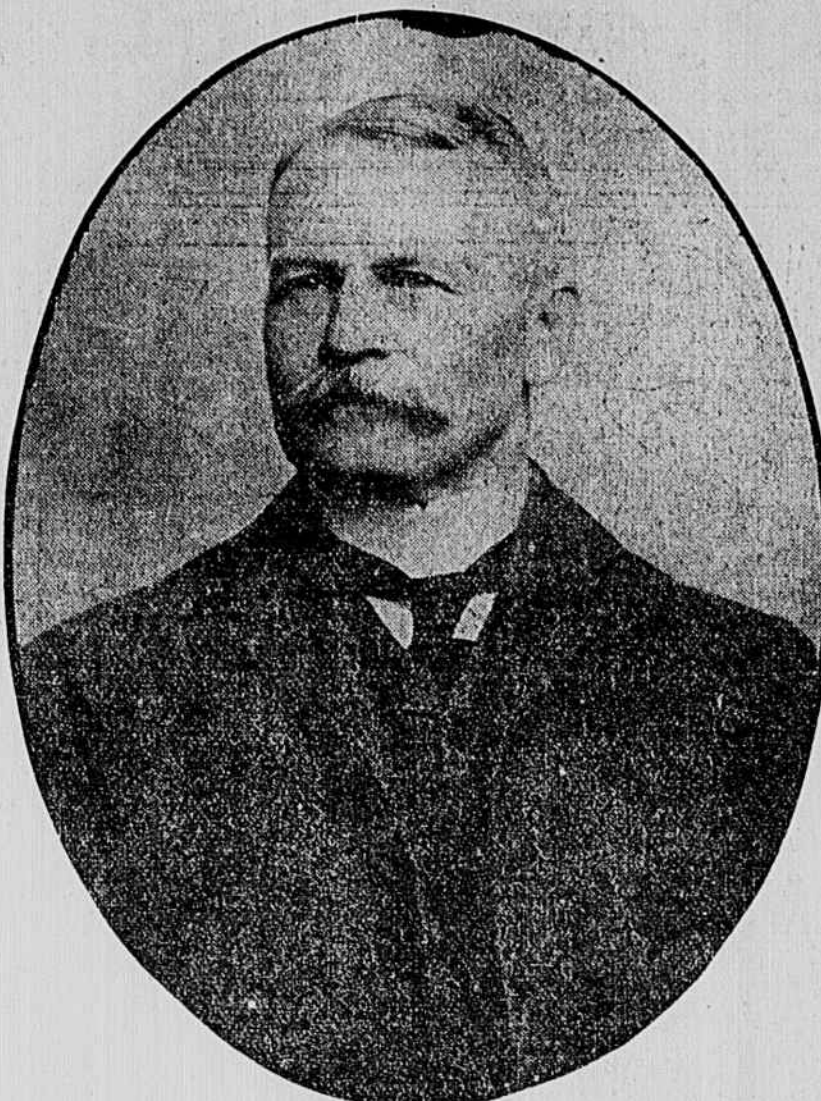

BEASLEY INJURED AGAIN.

Current of Heavily Charged Wire Passes Through Body.

[Special to The Times-Dispatch.] Fayetteville, N. C., March 22.—Full current of the Blount Falls power wire which had fallen across the Atlantic Coast Line Railway tracks at Pembroke, passed through the body of Roadmaster S. M. Beasley, when he attempted to adjust the wire. He stepped into a hole and fell against the live wire, the fall breaking his arm and the electricity passing through his body from head to foot.

A special train bearing Surgeon J. V. McGeigan, which was rushed from Fayetteville, brought Mr. Beasley to his home here. He will recover. Exactly two months ago Mr. Beasley was brought here on a special train after being in collision between motor section car and an automobile.

CARDINAL DEAD

Vicar-General Respighi Was Held in Great Affection by Pope.

[Special Cable to The Times-Dispatch.] Rome, March 22.—Cardinal Peter Respighi, vicar-general to the Pope, died today. He was seventy years old and born in Bologna. Pope Pius has not been told of his death, as the Vatican authorities do not wish to cause his holiness grief on Easter eve. It will be difficult to hide the fact long, as the Pontiff frequently inquires after the condition of Cardinal Respighi, who had been ill with influenza for some time, and who was held in great affection by the Pope.

STRIKING MINERS ACHIEVE VICTORY

Terms Are Reached, and They Will Return to Work in West Virginia Mines.

Philadelphia, March 22.—John P. White, international president of the United Mine Workers of America, announced here to-night that a basis of settlement satisfactory to the miners has been reached with representatives of the Paint Creek Collieries Company, whose miners in West Virginia have been on strike for about ten months.

There are nearly 10,000 men on strike in the West Virginia fields, and the expected settlement affects about 4,000 of them, according to Mr. White. The strike of the miners of the Cabin Creek Consolidated Coal Mining Company continues.

Mr. White said the company will grant the miners the main demand for which they have been contending, the right of the men to organize. This, Mr. White said, would carry with it semi-monthly check weighman and payment for a ton of 2,000 pounds.

Mr. White will return to West Virginia on Monday and will likely call on Governor Hatfield to talk over the situation with him.

"In the course of a few days," President White, in a statement to-night, said, "officials representing both interests will meet and formulate the details, and thus terminate the long-drawn-out strike."

"Eminent legal counsel, in addition to that already engaged, will be employed to carry the question involving the constitutionality of rights of miners to the Supreme Court of the United States."

Will Have Excellent Effect.
Charleston, W. Va., March 22.—That the settlement between the United Mine Workers of America and the Paint Creek Collieries Company, as announced to-night at Philadelphia by John P. White, will have an excellent effect is admitted throughout the Kanawha County coal strike district.

In addition to the partial settlement of the strike, Governor Hatfield to-day released twenty-four men, who had been arrested by the military authorities.

The coal strike embraces both Paint and Cabin Creeks. While fewer men have been on strike in the Paint Creek section, most of the violence connected with the mine trouble has occurred in that district. In the Cabin Creek district a majority of the miners, outnumbering the Paint Creek men two to one, struck in sympathy.

It is believed with the miners of Paint Creek satisfied there will be a speedy settlement throughout all Kanawha County.

The strike had its inception April 1, 1912. Since then there have been scores of riots and considerable bloodshed. Soon after the strike was called Governor Glasscock declared martial law. As the troops invaded the strike zone there developed practically a condition of anarchy. Bands of men traveled ahead of the soldiers, shooting up towns as they went. Soon the entire militia of the State took the field. After a time quiet was restored and the troops were withdrawn.

Within a short time more trouble occurred and Governor Glasscock for the second time declared martial law. The troops remained in the strike hold for months. Gradually they were withdrawn until all had been ordered home. However, the second martial law proclamation was not lifted. A few months ago miners and deputies engaged in a battle. Over a score of persons are reported to have been killed, but definite information as to fatalities has never been available. When this battle raged the militia was again ordered into the strike country.

HE WILL NOT APPEAL
Julian Hawthorne Decides to Serve Term in Prison.

[Special to The Times-Dispatch.] New York, March 22.—Julian Hawthorne announced to-day that he would not appeal from the decision of the jury which found him guilty of using the mails to defraud. He will be taken to Atlanta, Ga., on Monday, Dr. William H. Morton will go with him. They will be in charge of Federal marshals.

As it has been ruled that the sentences shall date from the beginning of the prisoners' trials they will be eligible to apply for a parole of ten days after they reach the Federal prison, Albert Freeman, who was found guilty with the other two men, will make an appeal.

USE VACATIONS FOR TRAINING

Washington, March 22.—To compensate for the abolition by Congress of the two-year sea duty required of midshipmen before they become ensigns, the Navy Department has decided to develop the boys in the larger duties of seamanship and navigation during the summer vacation periods of the last three years of their four-year course.

This year the third class men will be sent on a cruise to European waters on the battleship Illinois. Many of them will be assigned to junior officer duty and thus be taught to handle men. The bulk of the first and second classes will be divided among the battleships of the fleet in squads of twenty-five. They will be required to study radio-telegraphy and all kinds of practical naval work, while assuming a certain part of the ship's routine deck and division duties. This training will aid in fitting them for the duties of an officer when they receive their ensign's commission.

SOOTHES AND HEALS

HYOMEI Medicates the Air You Breathe and Gives Quick Relief in Catarrhal Troubles.

Be wise in time and use HYOMEI at the first warning of catarrhal troubles. Do not let the disease extend along the delicate mucous membrane, gradually going from the nose to the throat, thence into the bronchial tubes, and then downward until the lungs are reached and you are in danger of consumption.

HYOMEI will relieve all curable forms and stages of catarrh. It is so uniformly successful in curing this common yet dangerous disease that Tragle Drug Co. take all the risk of a trial treatment and agree absolutely to refund the money if any one uses HYOMEI and does not get relief.

There is no other treatment for catarrh that is like HYOMEI or just as good. None can take its place, none give such quick and sure relief and at so little cost. Its medication is breathed through a pocket inhaler that comes with every outfit, thus reaching the most remote cells of the air passages, killing the catarrhal germs and soothing and healing the irritated mucous membrane.

Begin the use of HYOMEI to-day and you will soon find that the offensive breath, the droppings into the throat, the discharge from the nose, sniffling and all other symptoms of catarrh are overcome and cured. The complete outfit costs \$1.00. Extra bottles of liquid, if later needed, 50 cents at Tragle Drug Co.'s and druggists everywhere.—Advertisement.

With the view of hastening the solution of the Albanian question, Austria agrees that the town of Jakova shall be ceded to Serbia on condition that the northern frontier of Albania be delimited in conformity with Austria's wishes.

Full of Scuttal Expected.
Vienna, March 22.—The fortress of Scuttal is expected to surrender before to-morrow morning, according to dispatch received here to-night.

The greater part of the town has already been destroyed and fire has been raging in the ruins for several days. The beleaguered city is in a chaotic condition. For the past two weeks food supply has been alarmingly low and the hospitals have been full to overflowing with both inhabitants and soldiers, who have been wounded during the bombardment or are victims of diseases resulting from the unsanitary conditions prevailing.

Shukri Pasha, the Turkish commander of Adrianople, has refused to surrender to the allies, and has announced his intention of resisting the attack to the utmost. The Bulgarians refused to allow the Turks to surrender with the honors of war.

Dispatches from Constantinople say that both the town and fortress of Adrianople are in excellent condition and can withstand the siege for several weeks. The food supply remains plentiful and the assaults of the Bulgarians have not damaged the town to any extent.

TILLMAN NOT UNHAPPY

Thinks Defeat May Have Been Act of Providence.

Augusta, Ga., March 22.—"I am not unhappy about it. Perhaps it was a special act of Providence to keep me from killing myself at work for the success of the Woodruff administration," said Senator B. R. Tillman, of South Carolina, to-day, discussing the election of Senator Martin to the chairmanship of the Senate Appropriations Committee.

What puzzles me," continued Senator Tillman, "is how Martin jumped over my head to become a progressive. If he was not progressive enough to be made chairman of the caucus, why should he have been made chairman of the Appropriations Committee?"

Senator Tillman passed through here to-day en route to South Carolina, where he proposes to "take a little turn in State politics" before he returns to Washington.

CHARGED WITH DESERTION

Fresh Accusation Is Laid Against Alleged Burglar.

Chicago, March 22.—A letter purporting to be from "Joe E. Fox" in Winthrop, was received by the police to-day charging "Conn," who now is held in San Francisco on a charge of burglary, with deserting her and her child nine years ago in Milwaukee.

Some of the jewelry found in the possession of Conn to-day was identified as belonging to Chicago people. Their homes were robbed last January.

OFFICERS RESIGN

Action Taken at Meeting of Creditors of Naval Stores Company.

Savannah, Ga., March 22.—At a conference of the creditors of the American Naval Stores Company, at which the officers of the company were present here to-day, all the officers, with one exception, tendered their resignations.

The only official who did not resign was President E. S. Nash, who is in Europe, but it is anticipated that his resignation will be forthcoming soon after his return.

The resignations will not be acted upon until the meeting of the creditors of the Union Naval Stores Company at New Orleans next Tuesday.

This concern is a subsidiary of the American Naval Stores Company.

Guild Under Treatment.

St. Petersburg, March 22.—Curtis Guild, the American ambassador here, is being treated for a series of small abscesses of the ear. Mr. Guild has been troubled some time with the ailment, suffering agony untold at the Romanoff tercentenary ceremonies. A specialist is now treating the ear successfully, though the climatic conditions are against a rapid recovery.

Urges Fish Protection.

Washington, March 22.—Minister of Marine and Fisheries Haven, of Canada, accompanied by Ambassador Bryce, of Great Britain, to-day urged President Wilson to call upon Congress to enact legislation to carry out an agreement with Canada to protect food fish in the Great Lakes and other waters where there is an international interest. An arrangement looking to the protection to such fish has been entered into between the two countries, but it has never been made effective by the United States government.
